## SEES IN COLONEL HOPES OF VICTORY

## Governor of Nebraska Urges His Nomination for Presidency.

Lincoln, Neb., December 21.—Commenting this evening on the filing today of the name of Colonel Roosevelt for the presidential preference primary election in April, Governor Chester H. Aldrich said:

"Without doubt his name could go on the ballot in every State in the Union if Colonel Roosevelt would even give the slightest indication that he would sanction it, and he has been nominated for President at the next national convention just as easily as he was in 1904.

"Here in Nebraska there is a latent sentiment that needs but slight encouragement to become the dominating political force in the State. But the spite of Colonel Roosevelt's declaration that he does not wish to be a candidate for office under any circumstances, the people of this country may put him in a position that he may feel it to be his moral and patriotic duty to accept the nomination.

"The people elected him to the exalted position of the presidency when he wanted it, and it would be his grateful duty to become a candidate because they wanted him.

"Colonel Roosevelt would carry Nebraska and the West by even a greater majority than he did before, which was a record breaker. It is my opinion that not only here in the West, but over the entire country, his nomination would cement and harmonize the working force of the entire Republican party."

The petition referred to asked that the name of Theodore Roosevelt be placed on the primary ballot as a candidate for the Republican nomination for President, and was filed here today by Secretary of State Wallt. The petition is signed by Attorney John O. Geiser, of Omaha, and twenty-five other voters. Mr. Geiser declined to say whether or not he was authorized by Colonel Roosevelt to file the petition, but admitted that he had been in correspondence with Mr. Roosevelt.

**Declines to Talk.**  
Oyster Bay, N. Y., December 21.—Colonel Roosevelt was informed tonight of the move to enter his name in the Nebraska primaries, and declined to comment upon it.

## CASES CONTINUED UNTIL FEBRUARY

Engagement of Davis Counsel to Defend Richeson Causes Postponement.

## CORNER-STONE TO BE LAID

Highest Price of Season Is Paid for Tobacco—Other Petersburg News.

Times-Dispatch Bureau, 6 Bollingbrook Street, Petersburg, Va., December 21.—In the Hastings Court today on motion of counsel for the defendant, the Appomattox Trust Bank cases were continued until the January term of the court. The December term will extend into January, and the case of Charles Hall Davis, which had been set for trial on January 8, was continued to February 5. On January 28 counsel for the defendant will enter and argue preliminary motions in this case. The reason assigned in asking for a continuance and the ground on which it was granted was that leading counsel for Mr. Davis have important engagements elsewhere on January 8. John L. Lee, as is known, will be engaged in the defense of the Rev. Richeson in Boston. The cases against Carter R. Bishop also go over to the January term.

In response to a request of counsel for Charles Hall Davis, Commonwealth's Attorney R. H. Mann has agreed to furnish a bill of particulars covering the charges and counts in the impending indictment against Mr. Davis.

All of the counsel for Mr. Davis—John L. Lee, Colonel James Mann and Laessle & Drewry—were in court today.

**Corner-Stone Ready.**  
The large granite corner-stone designed for the seven-story building of the Mechanics Association, now in course of erection, has been completed and delivered to the contractor. It is expected that the stone will be laid about January 4, with ceremonies conducted by Blandford Lodge, No. 3, of Masons. The address of the occasion will be delivered by the Rev. George E. Booker, D. D.

**E. K. Williams, the Clock-Flasher,** who was chased out of this city by the police, is believed to be a member of a gang which has been recently operating in Bristol, Roanoke and Lynchburg. The name "Williams" was used in all these places, as it was here, in passing the fraudulent checks. The Petersburg flasher passed a check for \$25, buying a bill of goods and getting off in a hurry.

**General News Notes.**  
The body of Mrs. Mary Lewis Briscoe, formerly of Petersburg, who died yesterday in the Church Home, in Baltimore, was brought to this city today, and services were held at the grave in Blandford Cemetery this afternoon. Deceased was sixty-eight years old.

The public schools of the city will close for the holidays to-morrow, to be reopened on January 3. All of the private schools have also closed.

Several of the patients received at the Birdville Tuberculosis Sanatorium in this city for treatment have been restored to health, and others have been much improved. The institution is wholly charitable, patients being put to no expense.

The opening of the December term of the Hastings Court has been deferred until the 28th instant. It is not expected that there will be any jury trials until January.

At its regular meeting last night Petersburg Lodge of Elks elected W. H. Wilcox and Mortimer Williams as trustees, to fill vacancies on the board. Licenses were issued from the clerk's office yesterday afternoon authorizing the marriage of Miss Allie Clyde Hamkey, of this city, and Thomas Andrew Dewberry, of Dinwiddie, and Miss Maggie Lena Tatum and John Franklin Wall, both of this city.

**Sale of a Sussex Farm.**  
Walter L. Leavel, of Hilde, Sussex county, recently purchased the Jackson farm, near that place, for \$7,150 cash.

**Will Probably Recover.**  
Charlotte, the little daughter of Mr. and Mrs. James D. McKenney, of this city, who was badly burned two weeks ago while visiting at Hebron, in Dinwiddie county, and whose condition has been critical, is reported as better, with hopes of her recovery.

**Highest Price for Tobacco.**  
The tobacco sales to-day reached 100,000 pounds. The highest price of the season was paid to-day—\$26 for fine wrappers. The best grades of wrappers will not be brought to market until after the holidays, when better prices are expected.

**Liquor Shipments.**  
It is roughly estimated that over \$30,000 worth of liquor in packages has been shipped out of this city this week.

**It Smokes of Delicacy—Fruit Brick, the Velvet Kind Ice Cream.**

## Nuts

The greatest care is exercised to secure those varieties which represent best quality, not only free from imperfection, but selected because of superior flavor. Particularly attractive in this connection are Louisiana very large Paper Shell Pecans at 65c, and the California Budded Walnut, a new variety of a remarkable fine rich flavor, solid with meat, at 30c pound. Truly a delight.

**Verdict for Defendant.**  
The suit of Jacob and Mullen vs. the Grosman Seed and Supply Company, which has been on trial in the Corporation Court of this city for the past week, was given to the jury to-night, and the jury rendered a verdict in favor of the Grosman Seed Company for the sum of \$3,000, subject to a credit of \$1,700. The suit was brought by Jacob and Mullen, of New York, to recover for seed sold the Grosman Seed Company, and which the company declined to pay for on the ground that the seeds failed to come up to the standard purchased.

## NEW YORK COUNTY COLLEGES CLOSE TO SUPPORT TAFT FOR CHRISTMAS

Assurances Given by Chairman Koenig—Barnes Has No Candidate.

New York, December 21.—President Taft went back to Washington early to-day with assurances from Samuel Koenig, Republican county chairman, that he would have the support of the New York county delegation at the coming national convention. Chairman Koenig took the occasion of the President's visit to state that Colonel Roosevelt was not a candidate for 1912.

The President returned without seeing Colonel Roosevelt or receiving any communication from him. A visit paid by Dr. Lyman Abbott started a report that he was an ambassador from his associates in magazine work, but this Dr. Abbott promptly denied.

While William Barnes, Jr., the Republican State chairman, would not confirm the report that he and Mr. Taft settled their differences yesterday, and that Barnes promised the President his support, the State chairman did say this:

"I do not believe it is my function to press or urge upon the Republican electorate Republican candidates. I assume that whoever is nominated will adhere to the principles that will be adopted."  
Mr. Barnes added that he would strive to have the Republican State convention which will elect delegates to the national convention adopt a declaration of principles that would be a clear and decisive expression of Republican doctrine, "which to my mind," he said, "implies resistance to political error, half-thought-out ideas, ill-considered and dangerous demands."

Hundreds of Students Leave Richmond for Home and One Big Feed.

Richmond to-day is as barren of the callow college youth as Richmond ever is, even in the arid month of July, when college activity is at its lowest ebb, for all of Richmond's colleges have declared a brief respite from the toils and turmoils of the class room, so that those who are on knowledge bent may mingle with the folks at home and enjoy the Christmas turkey by their own firesides. The cranberry sauce boiled to a nicety, by the mother who knows how, and his turkyness browned with the skill of years of experience.

All of which is by way of saying that Richmond College, the Woman's College, the Medical College of Virginia, the University College of Medicine, the Union Theological Seminary, and all the other graduate and prep schools, calling Richmond home, have stopped the business of teaching the young idea how to shoot for the nonce, in anticipation of Yule-tide festivities, and to let their scholars go home.

The imputation that all college mouths are callow must be taken with a grain of salt. Indeed there are men of vastly mature ages who enter the halls of wisdom located in Richmond. But nearly all, in fact, one might be forgiven for saying all, become callow about December 25, for it is then that the boy in man asserts himself and a mighty poor man it is who fails to hear the call of the Christmas spirit.

**Railway Stations Crowded.**  
If one doubts that there was yesterday a general exodus of the student body of Richmond, the doubt of one should have visited the railway stations, or better still, the barber shops, just prior to train time. In the parlors of the tontorialists mountains of wisdom, potentially, at least, were sitting in lathered anticipation of the big breakfast at home, and the great loss uncovered from their blanket of snow, with mellow pumpkins, just pinning to be turned into nice pies.

The expressions, "lathered anticipation," might be misleading, though there is no question but that the lathered ones were deep in anticipative pleasures, while the lather was still wet.

Of course, many of the high brows of to-morrow dodged the open palm of Mr. Barber, but that was more because of inability to gild the palm than through any particularly frugal spirit which might have been developed in college. However, they are all at home now, or at least are homeward bound, and to-morrow will be telling father and mother and sister and brother just what arithmetical progression really means and how it is impossible to successfully plant an acre of wheat without first having mastered Aeneid, at least. To all of which father and mother and sister and brother will listen with eyes and ears and mouth wide open, while the sum total of all the wisdom in the world will be gorging himself with turkey and cran-
